

24PORT SC SIMPLEX FIBER PATCH PANEL

P15-SCPPSX24P/DX24P

Overview

The 24 port Simplex SC/LC fiber patch panel is made of high intensified & insulated material, thus having excellent mechanic performance. Fiber panel can be pre-installed with SC and LC fiber optic adapters

Panel Features

- The shell is high intensified & insulated material, thus having excellent mechanic performance
- It is solid and durable
- Adapters output: Up to 24Port SC and Up to 48Port LC
- Strength core and shell was insulated and with grounding lead
- Suitable for inserting installation of SC LC adaptor
- Full accessories for convenient operations

Performance

- Excellent design
- Capacity: Maximum 12 /24/48cores
- Reliable fiber lead, grounding and perfect fix up
- Reliable pigtail fixes up and perfect protection
- Apply to extensive field
- Convenient for operations and maintenance

Specifications

- Environment temperature: -40°C ~+80°C
- Relative humidity: 585% (30°C)
- Atmosphere pressure: 70~106KPa
- Insulated Resistance: >2×10M@/500V (DC)
- Intensity 5 15kv (DC) /1min no spark-over and no flying arc
- Fiber bending radium guaranteed more than 40mm: >40mm
- Application: It is applicable for straight-through connection and diverged connection in aerial layout
- Duct and direct buried It can protect fiber connectors commendably
